About

I am talented, ambitious and hardworking individual, with broad skills and experience in leading people and projects, understading web development and web design fundamentals. Furthermore, I am adept at handling multiple tasks on a daily basis competently and at working well under pressure.

A key strength is communication; building strong relationships with people in order to deliver the best results.

Recently, I completed an Web Technologies Bachelor's degree at the Estonian Entrepreneurship University of Applied Sciences and I am now looking for a job in IT field.
